Welcome to A+O's first catalogue of 2017. This year the company will celebrate its 10th anniversary after a record year in 2016 in which several major milestones were recorded: both the highest sale total in a calendar year of some \$13.5 million and a new record price at auction in New Zealand which was set in September of last year for the major Colin McCahon multi-panel work *The Canoe Tainui* (1969) which sold under the hammer for \$1 621 610, the centrepiece of the extraordinary Tim and Sherrah Francis Collection which was viewed by thousands of New Zealanders during the pre-auction viewings in Wellington and Auckland.

In the last five years A+O has offered a number of significant private collections: The Les and Milly Paris Collection (2012), The Collection of the Late Nicholas Browne (2013), The William Vance collection of Theo Schoon Cave Art, (2014), The Ron Sang Collection (2015) & The Real Art Roadshow Collection (2016). Each of these collections make concrete the vital role played by collectors who frequently devote their entire lives to building collections that reveal connections and continuities within New Zealand's visual arts and wider culture. The very longevity of such collections, assembled over decades means that the collectors frame of reference matures and broadens over time into a journey into the culture, frequently moving from first loves to works informed by personal relationships with the artists that become talisman figures for individual collectors and in turn the wider community.

At ART+OBJECT our goal is to portray such voyages of discovery sensitively and with due care to the context in which the works were created and the experience of the individual collectors. Thus the presentation of a collection such as the Tim and Sherrah Collection becomes much more than a moment in time when art is offered for sale at auction. The catalogue and viewing become an opportunity to create a memorial to a collecting life dedicated to New Zealand art and a chance to inspire a new generation of collectors and caretakers of our artistic legacy. This is a role upon which the company was founded and one we intend to celebrate in 2017.

In this catalogue we offer a collection of another sort, one dedicated to the popular imagination of our film, television and graphic genres. The Mark Wright Collection of Film and Television themed toys maybe a little more lighthearted, even lowbrow, in its content but it has been assembled with the same dedication and searching eye as that applied to a fine art collection.

We invite you to join us from February 17th to view this fascinating collection and perhaps the finest New Collectors art catalogue we have ever presented.

Move with us

We are a public gallery that believes in the work of makers, designers and architects. We believe New Zealand needs a dedicated space to showcase the work that they do. To support the growth in applied art, design and architecture, Objectspace is moving.

We invite you to move with us: from a well loved (but not fit for purpose) building at the top of Ponsonby Road, to a large industrial warehouse in the thick of it on Rose Road. We're currently packing, and will move down the street, opening with a new expanded programme, late July 2017.

We need your help to create a space worthy of New Zealand's burgeoning design, architecture and applied art sectors.

The James Gordon Wilson (1882 – 1967) Collection of New Zealand and Rare books

A+O is pleased to announce the second sale of the year will be held on 2 May and will feature the James Gordon Wilson Collection of New Zealand and Rare books. A noted farmer and historian J.G. Wilson lived at Netherby, Hatuma, Hawkes Bay. Wilson was well known in book circles. Over many years he compiled the important 'History of Hawkes Bay' for New Zealand's Centenary in 1940. His collection of some 300 volumes is notable for a definitive selection of voyages and travels as well as classic New Zealand histories including a number of illustrated letters from Major General Horatio Robley to the historian and author Elsdon Best in which he details some of his discoveries. One of the rarest volumes in the library is the two magnificently illustrated volumes of *Memoirs on the Extinct Wingless Birds of New Zealand* published in 1879. Wilson's private library is the finest offered at auction since the legendary Pycroft collection in 2011. The J.G. Wilson Collection also includes a number of rare Maori artefacts such as a large Hoe or paddle originally in the collection of James Cowan, as well as taiaha and a rare early whaling harpoon.

Conditions of Sale

Please note: it is assumed that all bidders at auction have read and agreed to the conditions described on this page. Art+Object directors are available during the auction viewing to clarify any questions you may have.

1. Registration: Only registered bidders may bid at auction. You are required to complete a bidding card or absentee bidding form prior to the auction giving your correct name, address and telephone contact + supplementary information such as email addresses that you may wish to supply to Art+Object.

2. Bidding: The highest bidder will be the purchaser subject to the auctioneer accepting the winning bid and any vendor's reserve having been reached. The auctioneer has the right to refuse any bid. If this takes place or in the event of a dispute the auctioneer may call for bids at the previous lowest bid and proceed from this point. Bids advance at sums decreed by the auctioneer unless signaled otherwise by the auctioneer. No bids may be retracted. The auctioneer retains the right to bid on behalf of the vendor up to the reserve figure.

3. Reserve: Lots are offered and sold subject to the vendor's reserve price being met.

4. Lots offered and sold as described and viewed: Art+Object makes all attempts to accurately describe and catalogue lots offered for sale. Notwithstanding this neither the vendor nor Art+Object accepts any liability for errors of description or faults and imperfections whether described in writing or verbally. This applies to questions of authenticity and quality of the item. Buyers are deemed to have inspected the item thoroughly and proceed on their own judgment. The act of bidding is agreed by the buyer to be an indication that they are satisfied on all counts regarding condition and authenticity.

5. Buyers premium: The purchaser by bidding acknowledges their acceptance of a buyers premium of 17.5% + GST on the premium to be added to the hammer price in the event of a successful sale at auction.

6. ART+OBJECT is an agent for a vendor: A+O has the right to conduct the sale of an item on behalf of a vendor. This may include withdrawing an item from sale for any reason.

7. Payment: Successful bidders are required to make full payment immediately post sale – being either the day of the sale or the following day. If for any reason payment is delayed then a 20% deposit is required immediately and the balance to 100% required within 3 working days of the sale date. Payment can be made by Eftpos, bank cheque or cash. Cheques must be cleared before items are available for collection. Credit cards are not accepted.

8. Failure to make payment: If a purchaser fails to make payment as outlined in point 7 above Art+Object may without any advice to the purchaser exercise its right to: a) rescind or stop the sale, b) re offer the lot for sale to an underbidder or at auction. Art+Object reserves the right to pursue the purchaser for any difference in sale proceeds if this course of action is chosen, c) to pursue legal remedy for breach of contract.

9. Collection of goods: Purchased items are to be removed from Art+Object premises immediately after payment or clearance of cheques. Absentee bidders must make provision for the uplifting of purchased items (see instructions on the facing page)

10. Bidders obligations: The act of bidding means all bidders acknowledge that they are personally responsible for payment if they are the successful bidder. This includes all registered absentee or telephone bidders. Bidders acting as an agent for a third party must obtain written authority from Art+Object and provide written instructions from any represented party and their express commitment to pay all funds relating to a successful bid by their nominated agent.

11. Bids under reserve & highest subject bids: When the highest bid is below the vendor's reserve this work may be announced by the auctioneer as sold 'subject to vendor's authority' or some similar phrase. The effect of this announcement is to signify that the highest bidder will be the purchaser at the bid price if the vendor accepts this price. If this highest bid is accepted then the purchaser has entered a contract to purchase the item at the bid price plus any relevant buyers premium.

Important advice for buyers

The following information does not form part of the conditions of sale, however buyers, particularly first time bidders are recommended to read these notes.

A. Bidding at auction: Please ensure your instructions to the auctioneer are clear and easily understood. It is well to understand that during a busy sale with multiple bidders the auctioneer may not be able to see all bids at all times. It is recommended that you raise your bidding number clearly and without hesitation. If your bid is made in error or you have misunderstood the bidding level please advise the auctioneer immediately of your error – prior to the hammer falling. Please note that if you have made a bid and the hammer has fallen and you are the highest bidder you have entered a binding contract to purchase an item at the bid price. New bidders in particular are advised to make themselves known to the sale auctioneer who will assist you with any questions about the conduct of the auction.

B. Absentee bidding: Art+Object welcomes absentee bids once the necessary authority has been completed and lodged with Art+Object. A+O will do all it can to ensure bids are lodged on your behalf but accepts no liability for failure to carry out these bids. See the Absentee bidding form in this catalogue for information on lodging absentee bids. These are accepted up to 2 hours prior to the published auction commencement.

C. Telephone bids: The same conditions apply to telephone bids. It is highly preferable to bid over a landline as the vagaries of cellphone connections may result in disappointment. You will be telephoned prior to your indicated lot arising in the catalogue order. If the phone is engaged or connection impossible the sale will proceed without your bidding. At times during an auction the bidding can be frenetic so you need to be sure you give clear instructions to the person executing your bids. The auctioneer will endeavour to cater to the requirements of phone bidders but cannot wait for a phone bid so your prompt participation is requested.

D. New Zealand dollars: All estimates in this catalogue are in New Zealand dollars. The amount to be paid by successful bidders on the payment date is the New Zealand dollar amount stated on the purchaser invoice. Exchange rate variations are at the risk of the purchaser.
