Lot 151. 19th century Chinese carved ivory figure of the Bodhisattva Guanyin, the Buddha of compassion.

#### Previous spread:

Lot 585. 18th century Japanese lacquer cabinet on English gilt wood stand (detail). David Cooke and his son Richard will be well remembered by antique connoisseurs as leading dealers of English, European and Chinese decorative arts occupying three separate shop spaces in central Auckland from 1946 to 1991.

The catalogue features many fine pieces from their collection and the stock in trade of the business which has been stored since 1991. For decades the David Cooke label on a piece of silver or porcelain was a guarantee of quality and authenticity. The items in this catalogue are the Cooke's 'inner sanctum' pieces and include antiques from the Queen Anne period (1702-14) to fine Georgian examples and into the mid-Victorian period including David Cooke's 'reference library' of early English chairs.

In 1958 The Rev John Kinder was one of the first New Zealand artists to be accorded a solo exhibition at the Auckland Art Gallery. His work has become synonymous with 19th century depictions of New Zealand in watercolour and in the then nascent new technology of photography. In this catalogue A+O is pleased to offer a selection of Kinder's drawings and watercolours which span his early European tours to scenes in New Zealand – the period 1842 to 1874. They reveal a lively and acute draftsman in the European scenes and Kinder's distinct watercolour psfumato in the later works.

The Asian Art catalogue is a broad offering with particular strength in sculptural pieces dating to the 12th century. Of particular note is the ivory Bodhisattva figure which adorns the cover of this catalogue. This highly detailed small sculpture reveals the exceptional skills of the carver given that it is fashioned from a single piece of ivory, and thus highly prized for the purity of both the deity depicted and the 'immaculate' conception. Following the success of A+O's first dedicated Asian Art catalogue the November 6 catalogue will be offered to bidders online at www.liveauctioneers.com

# The Leo Walker Tattersfield Collection of Chinese Jades and Works of Art (Part 2)

Leo Walker Tattersfield was born in Auckland on the 6th of December 1910 and died in his eighties. He owned a wool trading company and travelled all over the world each year to obtain orders for the New Zealand wool production for the following year. In the 1950's he began to sell wool to China and he started to visit Beijing every year. Here he became interested in the jade markets which were held in the streets on certain days and he began to collect small jade carvings from time to time. Over the years he became a regular visitor of the jade dealers in the antiques shops in Beijing, often acquiring new jades for his personal collection as he became more knowledgeable. The result is a jade collection unique in New Zealand. The collection was loaned to the Auckland Museum in 1972 and part of it had been on display until 2002.

You are required to complete a bidding card or absentee bidding form prior to the auction giving your correct name, address and telephone contact + supplementary information such as email addresses that you may wish to supply to ART+OBJECT

#### 2.

**Bidding:** The highest bidder will be the purchaser subject to the auctioneer accepting the winning bid and any vendor's reserve having been reached. The auctioneer has the right to refuse any bid. If this takes place or in the event of a dispute the auctioneer may call for bids at the previous lowest bid and proceed from this point. Bids advance at sums decreed by the auctioneer unless signaled otherwise by the auctioneer. No bids may be retracted. The auctioneer retains the right to bid on behalf of the vendor up to the reserve figure.

#### 3.

**Reserve:** Lots are offered and sold subject to the vendor's reserve price being met.

#### 4.

Lots offered and sold as described and viewed: ART+OBJECT makes all attempts to accurately describe and catalogue lots offered for sale. Notwithstanding this neither the vendor nor ART+OBJECT accepts any liability for errors of description or faults and imperfections whether described in writing or verbally. This applies to questions of authenticity and quality of the item. Buyers are deemed to have inspected the item thoroughly and proceed on their own judgment. The act of bidding is agreed by the buyer to be an indication that they are satisfied on all counts regarding condition and authenticity.

#### 5.

**Buyers premium:** The purchaser by bidding acknowledges their acceptance of a buyers premium of 15% + GST on the premium to be added to the hammer price in the event of a successful sale at auction.

### 6.

**ART+OBJECT is an agent for a vendor:** A+O has the right to conduct the sale of an item on behalf of a vendor. This may include withdrawing an item from sale for any reason.

#### 7.

**Payment:** Successful bidders are required to make full payment immediately post sale – being either the day of the sale or the following day. If for any reason payment is delayed then a 20% deposit is required immediately and the balance to 100% required within 3 working days of the sale date. Payment can be made by Eftpos, bank cheque or cash. Cheques must be cleared before items are available for collection. Credit cards are not accepted.

#### 8.

**Failure to make payment:** If a purchaser fails to make payment as outlined in point 7 above ART+OBJECT may without any advice to the purchaser exercise its right to: a) rescind or stop the sale, b) re offer the lot for sale to an underbidder or at auction. ART+OBJECT reserves the right to pursue the purchaser for any difference in sale proceeds if this course of action is chosen, c) to pursue legal remedy for breach of contract.

### 9.

**Collection of goods:** Purchased items are to be removed from ART+OBJECT premises immediately after payment or clearance of cheques. Absentee bidders must make provision for the uplifting of purchased items (see instructions on the facing page)

#### 10.

**Bidders obligations:** The act of bidding means all bidders acknowledge that they are personally responsible for payment if they are the successful bidder. This includes all registered absentee or telephone bidders. Bidders acting as an agent for a third party must obtain written authority from ART+OBJECT and provide written instructions from any represented party and their express commitment to pay all funds relating to a successful bid by their nominated agent.

#### 11.

**Bids under reserve & highest subject bids:** When the highest bid is below the vendor's reserve this work may be announced by the auctioneer as sold 'subject to vendor's authority' or some similar phrase. The effect of this announcement is to signify that the highest bidder will be the purchaser at the bid price if the vendor accepts this price. If this highest bid is accepted then the purchaser has entered a contract to purchase the item at the bid price plus any relevant buyers premium.

### Important advice for buyers

The following information does not form part of the conditions of sale, however buyers, particularly first time bidders are recommended to read these notes.

#### Α.

**Bidding at auction:** Please ensure your instructions to the auctioneer are clear and easily understood. It is well to understand that during a busy sale with multiple bidders the auctioneer may not be able to see all bids at all times. It is recommended that you raise your bidding number clearly and without hesitation. If your bid is made in error or you have misunderstood the bidding level please advise the auctioneer immediately of your error – prior to the hammer falling. Please note that if you have entered a binding contract to purchase an item at the bid price. New bidders in particular are advised to make themselves known to the sale auctioneer who will assist you with any questions about the conduct of the auction.

#### В.

Absentee bidding: ART+OBJECT welcomes absentee bids once the necessary authority has been completed and lodged with ART+OBJECT. A+O will do all it can to ensure bids are lodged on your behalf but accepts no liability for failure to carry out these bids. See the Absentee bidding form in this catalogue for information on lodging absentee bids. These are accepted up to 2 hours prior to the published auction commencement.

#### C.

**Telephone bids:** The same conditions apply to telephone bids. It is highly preferable to bid over a landline as the vagaries of cellphone connections may result in disappointment. You will be telephoned prior to your indicated lot arising in the catalogue order. If the phone is engaged or connection impossible the sale will proceed without your bidding. At times during an auction the bidding can be frenetic so you need to be sure you give clear instructions to the person executing your bids. The auctioneer will endeavour to cater to the requirements of phone bidders but cannot wait for a phone bid so your prompt participation is requested.

#### D.

**New Zealand dollars:** All estimates in this catalogue are in New Zealand dollars. The amount to be paid by successful bidders on the payment date is the New Zealand dollar amount stated on the purchaser invoice. Exchange rate variations are at the risk of the purchaser.
