Final Rare Book Auction for 2013

This sale includes the collection of rare books from the library of Dr Roy Taylor Wade of Christchurch.

Dr Wade graduated from Otago Medical School in 1947, he spent 18 years in Methven as a General Practitioner. It was here that he developed his love of early New Zealand history and natural history and began collecting rare New Zealand books, many purchased from Newbolds in Dunedin and Smith's Bookshop in Wellington.

He traveled extensively over the years, both in New Zealand and abroad and his collection reflects his love for hunting, fishing and the outdoors.

Dr Wade is still active in the Christchurch community and has recently written a book on the history of Freemasonry. He has decided it is now time to disperse his library and is hoping that other collectors will appreciate and enjoy the books as much as he has.

This sale also features other books from private collections, including early first editions on Polar history; Early Pacific Exploration; World War 1 N.Z. Official histories; and a number of 18th and 19th century Botanical and Gardening books.

322 LAURIE, ROBERT

'The Poa' [Tui]

New Zealand's Rarest Print. 'The Poa [Tui] From the bird which was brought from New Zealand by Captain Cook in his late voyage around the world, And which obtained of the Society of Arts, a premium of 30 Guineas - Sold at No.1. Johnsons Court. Fleet street and No 37 Maiden Lane, Convent Garden. Robert Laurie Laurie del etc fec'. Mezzotint printed in oil colours 360 x 250mm around the plate mark, [1776]. In fine original condition as published.

The tui on the branch, its head turned to catch an insect, drawn from a specimen taken back to England by Captain Cook after his second voyage to New Zealand. It was separately issued in 1776 and is the earliest English print in oil colours, a process invented by the engraver Robert Laurie a young Scottish designer who seized on the excitement created by Cook's first voyage to use the first Tui seen in England as the subject for his newly invented process. The Poa was the first print to be published using the new process for which Laurie was awarded a premium of 30 guineas by the Society of Arts.

This print is a rare 1776 first issue from the same plate as the specimen held by the Alexander Turnbull Library, National Library of New Zealand: Bequest of Sir Alistair McIntosh, 1976. Our example appears to have finer and more detailed colouring to the plumage.

There are only around 10 known copies of the coloured mezzotint, with few in private hands. These include a variant later handcoloured version published in London by J. Sharpe in 1786. Examples of the later 1786 printing are held by the Mitchell library Sydney, Ellis Collectopn. The British Museum, and the Rex Nan Kivell Collection, National Library of Australia. Some copies are in black & white only and may have been run to test black inking. For a description of the technique and history of this print, see Ellis E.M. and D.G. 'Early Prints of New Zealand', pp30-35. \$12 000 - \$18 000

This applies to questions of authenticity and quality of the item. Buyers are deemed to have inspected the item thoroughly and proceed on their own judgment. The act of bidding is agreed by the buyer to be an indication that they are satisfied on all counts regarding condition and authenticity.

5. Buyers premium: The purchaser by bidding acknowledges their acceptance of a buyers premium of 18.5% plus GST on the premium to be added to the hammer price in the event of a successful sale at auction. Please consult the relevant auction catalogue to confirm the premium for each sale.

6. ART+OBJECT is an agent for a vendor: A+O has the right to conduct the sale of an item on behalf of a vendor. This may include withdrawing an item from sale for any reason.

7. Payment: Successful bidders are required to make full payment immediately post sale – being either the day of the sale or the following day. If for any reason payment is delayed then a 20% deposit is required immediately and the balance to 100% required within 3 working days of the sale date. Payment can be made by Eftpos, bank cheque or cash. Cheques must be cleared before items are available for collection. Credit cards are not accepted.

8. Failure to make payment: If a purchaser fails to make payment as outlined in point 7 above ART+OBJECT may without any advice to the purchaser exercise its right to: a) rescind or stop the sale, b) re offer the lot for sale to an underbidder or at auction. ART+OBJECT reserves the right to pursue the purchaser for any difference in sale proceeds if this course of action is chosen, c) to pursue legal remedy for breach of contract.

9. Collection of goods: Purchased items are to be removed from ART+OBJECT premises immediately after payment or clearance of cheques. Absentee bidders must make provision for the uplifting of purchased items (see instructions on page four.)

10. Bidders obligations: The act of bidding means all bidders acknowledge that they are personally responsible for payment if they are the successful bidder. This includes all registered absentee or telephone bidders. Bidders acting as an agent for a third party must obtain written authority from ART+OBJECT and provide written instructions from any represented party and their express commitment to pay all funds relating to a successful bid by their nominated agent.

11. Bids under reserve & highest subject bids: When the highest bid is below the vendor's reserve this work may be announced by the auctioneer as sold 'subject to vendor's authority' or some similar phrase. The effect of this announcement is to signify that the highest bidder will be the purchaser at the bid price if the vendor accepts this price. If this highest bid is accepted then the purchaser has entered a contract to purchase the item at the bid price plus any relevant buyers premium.

IMPORTANT ADVICE FOR BUYERS

The following information does not form part of the conditions of sale, however buyers, particularly first time bidders are recommended to read these notes.

A. Bidding at auction: Please ensure your instructions to the auctioneer are clear and easily understood. It is well to understand that during a busy sale with multiple bidders the auctioneer may not be able to see all bids at all times. It is recommended that you raise your bidding number clearly and without hesitation. If your bid is made in error or you have misunderstood the bidding level please advise the auctioneer immediately of your error – prior to the hammer falling. Please note that if you have made a bid and the hammer has fallen and you are the highest bidder you have entered a binding contract to purchase an item at the bid price. New bidders in particular are advised to make themselves known to the sale auctioneer who will assist you with any questions about the conduct of the auction.

B. Absentee bidding: ART+OBJECT welcomes absentee bids once the necessary authority has been completed and lodged with ART+OBJECT. A+O will do all it can to ensure bids are lodged on your behalf but accepts no liability for failure to carry out these bids. See the Absentee bidding form in this catalogue for information on lodging absentee bids. **These are accepted up to 2 hours prior to the published auction commencement.**

C. Telephone bids: The same conditions apply to telephone bids. It is highly preferable to bid over a landline as the vagaries of cellphone connections may result in disappointment. You will be telephoned prior to your indicated lot arising in the catalogue order. If the phone is engaged or connection impossible the sale will proceed without your bidding. At times during an auction the bidding can be frenetic so you need to be sure you give clear instructions to the person executing your bids. The auctioneer will endeavour to cater to the requirements of phone bidders but cannot wait for a phone bid so your prompt participation is requested.

D. New Zealand dollars: All estimates in this catalogue are in New Zealand dollars. The amount to be paid by successful bidders on the payment date is the New Zealand dollar amount stated on the purchaser invoice. Exchange rate variations are at the risk of the purchaser.
